INDEPENDENT AUDITOR'S REPORT

April 14, 2016

Board of Directors
Technology Affinity Group
Wayne, Pennsylvania

We have audited the accompanying financial statements of Technology Affinity Group which comprise the statements of financial position as of December 31, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the financial positions of Technology Affinity Group as of December 31, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

TECHNOLOGY AFFINITY GROUP

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2015 AND 2014

Technology Affinity Group (the Organization) is a non-profit corporation incorporated in the state of Florida. The Organization's purpose is to advance the capacities of philanthropic organizations through the use of technology. The Organization qualifies as a tax-exempt organization under Section 501(c)3 of the Internal Revenue Code; accordingly, there is no income tax applicable to its activities.

1 Summary of Significant Accounting Policies

Accrual Basis -- The financial statements of the Organization have been prepared on the accrual basis.

Cash and Cash Equivalents -- For the statement of cash flows, the Organization includes cash on deposit to be cash and cash equivalents.

Grants Receivable -- The Organization considers all grants receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged to bad debt expense when that determination is made.

Revenue -- Revenue is recorded on the accrual basis of accounting. The Organization derives its revenue primarily from member dues, conference fees, and grants.

Contributions -- The Organization records contributions of cash and other assets when an unconditional promise to give such assets is received from a donor. Contributions are recorded at the fair market value of the assets received and are classified as either permanently restricted, temporarily restricted or unrestricted, depending on whether the donor has imposed a restriction on the use of such assets. It is the policy of the Organization to record restricted contributions whose restrictions are met in the same reporting period as unrestricted contributions.

Temporarily Restricted -- The Organization reports gifts as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Use of Estimates -- The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

1 Summary of Significant Accounting Policies (Continued)

Income Taxes -- The Organization adopted the accounting standard related to the recognition and measurement of uncertain tax positions. The adoption of this standard had no financial statement effect for the Organization. The Organization is no longer subject to federal and state tax examinations for the years prior to 2012.
